

Ken Timmings Bio:

Ken Timmings, mechanical engineer & owner of KTSDI LLC for the past 30 years has worked extensively through-out the world with leading OEM (Original Equipment Manufacturers) including Caterpillar, Terex, Gradall and 100's of other rubber-tire equipment manufacturers across North America.

Ken is an active member of the local Mahoning Valley Manufacturer's Coalition, Regional Chamber and other business associations in the Mahoning Valley, Ohio area. For the past 25 years Ken has partnered with European component manufacturers on the latest technology in the Mobile Equipment field. Through these relationships and attending worldwide educational technology venues Ken's company is uniquely positioned to deliver leading solutions to vehicle manufacturers. When Ken is not engaged in work, he enjoys family time, YMCA coaching & active participation in ice hockey.
