**1. The Opportunity**

The **Ohio Economic Development Association (OEDA)** is seeking an **Events & Operations Coordinator** to serve as the organizational backbone supporting OEDA's growth and member service excellence. This is a hybrid operations role—events management is the primary focus, but you'll also coordinate financial processes, administer technology systems, support executive leadership, and keep committees running smoothly. Ideal for a highly organized professional who loves orchestrating great events but is equally energized by variety.

OEDA has experienced remarkable growth: membership increased 50% last year, reaching 900+ members and making OEDA the 3rd largest state economic development association in the country. Our 2025 Summit set records—600 attendees, record sponsorship, record speakers, and a Net Promoter Score of 54. Investor funding has more than doubled. OEDA also runs the largest Basic Economic Development Course in the U.S. and offers one of only seven state-level certifications in the field.

This growth has enabled OEDA to transition to full operational independence, bringing critical functions in-house. This position is central to that transition - you'll own the operational "how" that makes our programs successful, freeing the team to focus on strategy, advocacy, and member engagement. If you want to be the engine driving one of the nation's top state economic development associations, we encourage you to apply.
